The One U Love

>Don't ever leave the one you love for the one you like, because the one
>you like will leave you for the one they love. Tonight your true love will
>realize how much they love you between 1 and 4 in the morning.
>Tomorrow the shock of your life will occur. If you break the chain you
>will have bad luck for 10 yrs if you don't pass this on to 10 people in 15
>minutes. If you ! get it back it means you're a true friend.
